

Cancellation Policy

Please note our cancellation policy applies to all classes, blocks of classes, one to one sessions, and workshops.

From the 1st January 2020 all sessions and classes will require payment up front in order to book. If a cancellation occurs more than 48 hours before the session your fee will be returned. If a cancellation occurs less 48 hours before the session the fee is non-refundable. By this point spaces are very difficult if not impossible to fill.

I am a small, part time business, and last minute cancellations have a massive impact, especially when classes run to full capacity and your space could have been given to another client.

Thank you for your understanding.
